AML Training Course: Cayman AML for Cayman Fund Directors

The Cayman Islands Monetary Authority (CIMA) requires Cayman Fund Directors to undergo annual Anti-Money Laundering and Countering Terrorism Financing ("AML/CFT") training to assist the Cayman Islands authorities in their ongoing fight against money laundering and terrorist financing. Directors sitting on the board of a Cayman fund entity are now being asked to certify that they have undergone Cayman-specific AML/CFT training.

Our experienced AML team has developed a comprehensive training course to better understand the latest Cayman AML/CFT developments.

Topics that will be covered in this course includes:

- Introduction to Money Laundering/Terrorism Financing
- Understanding the Regulatory Bodies in the Cayman Islands
- Penalties for AML Offences in the Cayman Islands
- Cayman Island Regulatory Guidelines

This course is readily available on our training platforms, Online Compliance Training (OCT) and CPTnow and is US\$75 per one hour of training per person.

Our popular OCT platform can host training for corporates. Simply register with us and we will provide a bill at the end of the month depending on how many training units have been purchased.

CPTnow is the retail extension of OCT, enabling anyone easy access to the course as a single unit, simply by using your credit card.
